Part #

CB3085

Availability

In Stock

Product Information

Product specifications

- Flexible high-carbon steel blades
- Full tang blades, heat-treated, tempered, ground
- Soft rubber-like handle material
- Die-cast steel head on hammer end

Features and benefits

- Ergonomic design that reduces muscle fatigue and strain by eliminating pressure points when scraping and taping
- Soft rubber-like handle, maximizes grip, cleans easily and is resistant to solvents
- Broad hilt design allows total protection against slipping when scraping any surface
- High-carbon die-cast steel head with a flat hammer head that helps to correctly set nail heads
- Full tang blade, perfectly ground, ensures optimum flexibility and even distribution of compounds

Uses

Tapes drywall joints, patches drywall, set drywall nails and screw
