## Product Specifications

The Dremel EZ Lock makes accessory changes easy as PULL - TWIST - RELEASE. The one-piece mandrel design simplifies the process of changing cutting wheels and makes it easy to cut through metal. For use with the EZ402 EZ Lock Mandrel.

- First patented system of its kind
- Cut-off wheels last 2 times longer than current fiberglass-reinforced cut-off wheels
- Compatible with all Dremel rotary tools
- The EZ-Lock™ system eliminates the need for a screw and a screwdriver
